

## Two New Learning Opportunities on Dysphagia

### Professional Practice and Dysphagia

An online course aimed at the registered dietitian (RD) who wants to enhance her/his current knowledge of provincial requirements related to dysphagia practice including controlled /reserved / restricted acts / activities and standards, and interprofessional collaboration.

Following completion of the course, participants should be able to:

- Identify provincial requirements related to dysphagia and apply them to your practice;
- Describe roles for the RD, both as a member of an interprofessional team, and as a practitioner with limited access to a supporting team; and
- Describe ways to strengthen communications between the RD and other health disciplines to improve client care and promote a positive client and family experience.

Based on adult education and learning theory, and includes interactive features, quizzes, and additional resources, with new elements of gamification and the ability to earn 'badges' as you complete module activities have been integrated. Are you ready to play and learn?

**Cost:**

DC Member = \$50  
Non-members = \$85

### Don't choke on it...just feel it!

A presentation describing the normal and dysfunctional anatomy and physiology of the swallow, supported with imagery (videofluoroscopy and endoscopy).

Following this presentation viewers will:

- Develop an understanding of how to perform bedside assessments; and
- Be better able to deter diet care plans for solids and liquids.

This session is presented by two experts in dysphagia assessment and management who emphasize skill development by helping you get 'under the skin' of those experiencing dysphagia.

**Cost:**

DC member \$14.95  
Non-members \$19.95
