

Patient Resources for Long COVID

If you have had COVID-19 and have symptoms that last longer than four weeks, there are options to help you manage your symptoms.

This sheet contains the most common self-management resources.

Self-Management Resources

- AHS site [“Getting Healthy after COVID-19: Resources for Patients”](#)
 - List of resources
 - Patient videos
- Patient self-management resources
 - Available on [MyHealth.Alberta.ca](#)
 - Translated into 13 languages
- Health Link (811) and Addiction & Mental Health Help
- [Frequently Asked Questions](#) (translated)
- Alberta Healthy Living Programs’ [webinar series for patients](#)
- [Together4Health](#)

Phone Numbers

- 911 for severe or emergent symptoms
- 811 (Health Link) to assess your symptoms and determine if you need to be seen urgently
- 211 (An essential service that helps Albertans find the right resource or service for whatever issue they need help with, at the right time)
- Rehab Advice Line 1-833-379-0563 for post COVID recovery help for symptoms that last longer than four weeks
- Mental Health Helpline: 1-877-303-2642
