#### **Role of research ethics board**

**50(1)** The research ethics board must

- (a) consider whether the researcher should be required to obtain consents for the disclosure of the health information to be used in the research from the individuals who are the subjects of the information, and
- (b) assess whether, in the opinion of the research ethics board,

- (i) the proposed research is of sufficient importance that the public interest in the proposed research outweighs to a substantial degree the public interest in protecting the privacy of the individuals who are the subjects of the health information to be used in the research,
  - (ii) the researcher is qualified to carry out the research,
  - (iii) adequate safeguards will be in place at the time the research will be carried out to protect the privacy of the individuals who are the subjects of the health information to be used in the research and the confidentiality of that information, and
  - (iv) obtaining the consents referred to in clause (a) is unreasonable, impractical or not feasible.
- (2) In making an assessment under subsection (1)(b), the research ethics board must consider the degree to which the proposed research may contribute to
- (a) identification, prevention or treatment of illness or disease,
  - (b) scientific understanding relating to health,

RSA 2000 cH-5 s50;2006 c18 s12

**Publication of response**

**50.1** If the response of the research ethics board sent to the Commissioner under section 50(4) indicates that the research ethics board is satisfied as to the matters referred to in section 50(1)(b),

the Commissioner may publish the response in any manner the Commissioner considers appropriate.

2006 c18 s13

#### **Bar to research**

**51** If the research ethics board is not satisfied as to any of the matters referred to in section 50(1)(b), the researcher may not apply to a custodian or health information repository under section 52.

#### **Application for disclosure of health information or to perform data matching**

**52** If the research ethics board is satisfied as to the matters referred to in section 50(1)(b), the researcher may forward to one or more custodians or health information repositories

- (a) the researcher's research protocol referred to in section 49,

**(2)** If the custodian decides to disclose the health information or perform data matching or other services to facilitate the research,

- (a) the custodian
    - (i) must impose on the researcher the conditions suggested by the research ethics board, and
    - (ii) may impose other conditions on the researcher,
- and

(b) if the research ethics board recommended that consents referred to in section 50(1)(a) be obtained, the researcher must obtain the consents before the disclosure of the health information or performance of data matching or other services.

(3) A health information repository that has received the documents referred to in section 52 may disclose the health information or perform data matching or other services to facilitate the research only in accordance with the regulations.

- (c) not to publish the health information in a form that could reasonably enable the identity of an individual who is the subject of the information to be readily ascertained,
- (d) not to make any attempt to contact an individual who is the subject of the health information to obtain additional health information unless the individual has provided the custodian with the consent referred to in section 55,
- (e) to allow the custodian to access or inspect the researcher's premises to confirm that the researcher is complying with the enactments, conditions and requirements referred to in clause (a), and
- (f) to pay the costs referred to in subsection (3).

(2) When an agreement referred to in subsection (1) has been entered into, the custodian may disclose to the researcher the health information requested under section 52 or perform data matching or other services to facilitate the research

- (a) with the consent of the individuals who are the subjects of the information, where the research ethics board recommends that consents should be obtained, or
- (b) without the consent of the individuals who are the subjects of the information, where the research ethics board does not recommend that consents be obtained.

(3) The custodian may set the costs of

- (a) preparing information for disclosure, or performing data matching or other services
- (b) making copies of health information, and

#### **Consent for additional information**

**55** If the researcher wishes to contact the individuals who are the subjects of the information disclosed under section 54(2) to obtain

additional health information, the custodian or an affiliate of the custodian must first obtain consents from those individuals to their being contacted for that purpose.

1999 cH-4.8 s55

### **Court order**

**56(1)** If a researcher refuses to allow a custodian or health information repository to access or inspect its premises in accordance with the agreement referred to in section 54, the custodian or health information repository may apply to the Court of King's Bench for an order under subsection (2).

**(2)** If the Court is satisfied that there are reasonable and probable grounds to believe that access to premises or the production or removal of documents is necessary for the purpose of determining whether an agreement referred to in section 54 is being complied with, the Court may make any order it considers necessary to enforce compliance with the agreement.

**(3)** Where authorized to do so by an order under subsection (2), a custodian or health information repository may

- (a) enter and search any premises of the researcher where the research is conducted,
- (b) operate or cause to be operated any computer system of the researcher to search any data contained in or available to the system and produce a document from the data, and

- (b) “authorized custodian” means
  - (i) a custodian referred to in section 1(1)(f)(iii), (iv), (xii) or (xiii), and
  - (ii) any other custodian that meets the eligibility requirements of the regulations to be an authorized custodian;
- (c) “prescribed health information” means health information about an individual that is of a class or type prescribed by the regulations that a regulated health professional or an authorized custodian may or must make accessible to authorized custodians via the Alberta EHR;
- (d) “regulated health professional” means a regulated member under the *Health Professions Act*.

2009 c25 s20;2016 c9 s26;2016 c18 s8;2023 c9 s11

### Purpose

**56.2** The purpose of this Part is to enable the sharing and use, via the Alberta EHR, of prescribed health information among authorized custodians.

2009 c25 s20

### Making prescribed health information accessible

**56.3(1)** The health professional body of a regulated health professional may in writing direct the regulated health professional to make prescribed health information that is in the custody or under the control of the regulated health professional accessible to authorized custodians via the Alberta EHR in accordance with the regulations.

**(2)** If

- (a) the Minister determines that it is in the public interest to have certain prescribed health information that is in the

custody or under the control of one or more regulated health professionals made accessible to authorized custodians via the Alberta EHR, and

- (b) the health professional body of the regulated health professionals has not directed the regulated health professionals to make that prescribed health information accessible via the Alberta EHR,

the Minister may, subject to subsection (3), in writing direct the regulated health professionals to make the prescribed health information accessible to authorized custodians via the Alberta EHR in accordance with the regulations.

**(3)** Before giving a direction under subsection (2), the Minister must

- (a) consult with the health professional body referred to in subsection (2)(b),
- (b) prepare a privacy impact assessment describing how making the information accessible may affect the privacy of the individual who is the subject of the information and submit the privacy impact assessment to the Commissioner for review and comment, and
- (c) consider the comments of the Commissioner, if any, made in response to the privacy impact assessment.

**(4)** A failure by a regulated health professional to comply with a direction of the health professional body under subsection (1) or of the Minister under subsection (2) constitutes unprofessional conduct by the regulated health professional under the *Health Professions Act*.

**(5)** An authorized custodian may make prescribed health information in its custody or under its control accessible to authorized custodians via the Alberta EHR in accordance with the regulations.

**(6)** An authorized custodian, other than a regulated health professional, must, if the Minister requests in writing, make prescribed health information in its custody or under its control accessible to authorized custodians via the Alberta EHR in accordance with the regulations.

**(7)** For greater certainty, the making of prescribed health information accessible pursuant to this section does not

- (a) constitute a disclosure of that information, or

- (b) require the consent of the individual who is the subject of the information.

2009 c25 s20;2016 c9 s26;2016 c18 s8;2023 c9 s11

**Duty to consider expressed wishes of individual who is the subject of prescribed health information**

**56.4** In deciding how much prescribed health information to make accessible via the Alberta EHR, a regulated health professional or an authorized custodian must consider as an important factor any expressed wishes of the individual who is the subject of the prescribed health information relating to access to that information, together with any other factors the regulated health professional or authorized custodian considers important.

2009 c25 s20

**Using prescribed health information**

**56.5(1)** Subject to the regulations,

- (a) an authorized custodian referred to in section 56.1(b)(i) may use prescribed health information that is accessible via the Alberta EHR for any purpose that is authorized by section 27;
- (b) an authorized custodian referred to in section 56.1(b)(ii) may use prescribed health information that is accessible via the Alberta EHR, and that is not otherwise in the custody or under the control of that authorized custodian, only for a purpose that is authorized by
  - (i) section 27(1)(a), (b) or (f), or
  - (ii) section 27(1)(g), but only to the extent necessary for obtaining or processing payment for health services.

**(2)** For greater certainty, the use pursuant to subsection (1) of prescribed health information that is accessible via the Alberta EHR does not constitute collection of that information under this Act.

**(3)** For greater certainty, the use pursuant to subsection (1) of prescribed health information that is accessible via the Alberta EHR does not constitute a disclosure of that information by

- (a) the regulated health professional or authorized custodian who originally made that information accessible via the Alberta EHR pursuant to section 56.3,
- (b) any other authorized custodian,
- (c) the information manager of the Alberta EHR, or

- (d) any other person.

2009 c25 s20

**56.51** Repealed RSA 2000 cH-5 s56.51.

**Maintaining record of Alberta EHR information**

**56.6(1)** If an authorized custodian uses prescribed health information pursuant to section 56.5, the authorized custodian must keep an electronic log of the following information:

- (a) a name or number that identifies the custodian who uses the information;
- (b) the date and time that the information is used;
- (c) a description of the information that is used.

**(2)** The information referred to in subsection (1) must be retained by the authorized custodian for a period of 10 years following the date of the use.

**(3)** An individual who is the subject of information referred to in subsection (1) may ask the authorized custodian or the information manager of the Alberta EHR for access to and a copy of the information, and Part 2 applies to the request.

**(4)** If, pursuant to subsection (3), an individual asks the information manager of the Alberta EHR for access to and a copy of the information referred to in subsection (1), the information manager of the Alberta EHR must, in accordance with Part 2, provide that information in respect of all custodians who have used that individual's prescribed health information pursuant to section 56.5.

2009 c25 s20

**Multi-disciplinary data stewardship committee**

**56.7(1)** The Minister shall establish a multi-disciplinary data stewardship committee whose function is to make recommendations to the Minister with respect to rules related to access, use, disclosure and retention of prescribed health information that is accessible via the Alberta EHR.

**(2)** At least 2 members of the multi-disciplinary data stewardship committee must be members of the public.

**(3)** Section 7(2) to (5) of the *Government Organization Act* apply with respect to the multi-disciplinary data stewardship committee.

2009 c25 s20

**Termination of agreement and protocol**

**56.71(1)** Despite any other provision of this Act or regulations or any information manager agreements entered into under section 3(1)(d) of the *Alberta Electronic Health Record Regulation* (AR 118/2010) or entered into with custodians described in section 3(3) of that regulation or the Alberta Netcare Electronic Health Record Information Exchange Protocol referred to in those information manager agreements, the Department may access and use health information that is accessible via the Alberta EHR for any purpose or function that is authorized by section 27.

*(2) All information manager agreements entered into under section 3(1)(d) of the Alberta Electronic Health Record Regulation (AR 118/2010) or entered into with custodians described in section 3(3) of that regulation and the Alberta Netcare Electronic Health Record Information Exchange Protocol referred to in those information manager agreements are terminated effective on the coming into force of this subsection.*

*(3) Subsection (1) is repealed on Proclamation.*

2020 c35 s61

*(NOTE: Section 56.71(2) and (3) come into force on Proclamation.)*

**Regulations**

**56.8** The Lieutenant Governor in Council may make regulations

- (a) defining or otherwise describing the Alberta EHR;
- (b) respecting the eligibility requirements for a custodian to become and remain an authorized custodian for the purposes of this Part, including, without limitation, regulations requiring an authorized custodian to enter into an agreement with respect to the authorized custodian's powers, duties and functions under this Part;
- (c) prescribing classes or types of health information as prescribed health information;
- (d) respecting the manner in which a regulated health professional or an authorized custodian must make prescribed health information in its custody or under its control accessible to an authorized custodian via the Alberta EHR;

**(3)** If the custodian believes that collecting, using or disclosing aggregate health information is not adequate for the custodian’s intended purpose, the custodian must then consider whether collection, use or disclosure of other non-identifying health information is adequate for the intended purpose, and if so, the custodian may collect, use or disclose other non-identifying health information.

**(4)** If the custodian believes that collecting, using or disclosing aggregate and other non-identifying health information is not

adequate for the custodian's intended purpose, the custodian may collect, use or disclose individually identifying health information if the collection, use or disclosure

**(2)** In deciding how much health information to disclose, a custodian must consider as an important factor any expressed wishes of the individual who is the subject of the information relating to disclosure of the information, together with any other factors the custodian considers relevant.

1999 cH-4.8 s58

**59** Repealed 2003 c23 s3.

**Duty to protect health information**

  - (ii) unauthorized use, disclosure or modification of the health information or unauthorized access to the health information,
- and

(2) Subject to the regulations, subsections (4) and (5) and section 85.1, a custodian must as soon as practicable give notice in accordance with the regulations and subsection (3) of any loss of individually identifying health information or any unauthorized access to or disclosure of individually identifying health information in the custody or control of the custodian if there is a risk of harm to an individual as a result of the loss or unauthorized access or disclosure.

(3) The notice required by subsection (2) must be given to

- (a) the Commissioner,

- (b) the Minister, and
- (c) the individual who is the subject of the individually identifying health information.

(4) A custodian must consider all relevant factors, including the factors prescribed by the regulations, in assessing for the purposes of subsection (2) whether there is a risk of harm to an individual.

(5) If a custodian considers that giving notice under subsection (2) to an individual who is the subject of individually identifying health information could reasonably be expected to result in a risk of harm to the individual's mental or physical health, the custodian may decide not to give notice to the individual, in which case the custodian must immediately give notice to the Commissioner of the decision not to give notice to the individual, and the reasons for the decision, in accordance with the regulations.

**64(1)** Subject to subsection (3), each custodian must prepare a privacy impact assessment that describes how proposed administrative practices and information systems relating to the collection, use and disclosure of individually identifying health information may affect the privacy of the individual who is the subject of the information.

(2) Subject to subsection (3), the custodian must submit the privacy impact assessment to the Commissioner for review and comment before implementing any proposed new practice or system described in subsection (1) or any proposed change to existing practices and systems described in subsection (1).
